

SINT MAARTEN

This file includes election results for the Sint Maarten Island Council in 2003, 2007, 2010, and 2014. Though seats were allocated within a single constituency, the file reports polling place results for the 2010 and 2014 elections. The Island Council elected in 2010 became the first Parliament or Estates (Staten) of Sint Maarten upon dissolution of the Netherlands Antilles roughly one month after the election. The Sint Maarten Staten should not be confused with the Netherlands Antilles Staten, which consisted of representatives from Bonaire, Curaçao, Saba, St. Eustatius, and St. Maarten.
