

## UKRAINE

This file contains election results for the Ukrainian Verkhovna Rada (Supreme Council) in 1998, 2002, 2006, 2007, and 2012. Ukraine had a mixed system in 1998, 2002, and 2012 with voters casting separate ballots for single-member constituencies as well as multimember regional constituencies. The results for the single-member constituencies in 1998 and 2002 are not included, but the file reports results and candidate names for 2012. Results from multimember constituencies are included for all years.

The results are aggregated to the regional level for 1998 and 2002 but the file includes result by polling place for 2006 and 2007. For 2012, the results are presented at level of the single-member districts for the results in both single and multimember constituencies.
